Attached is a memorandum to Colonel White regarding the processing of cases for the CIA Retirement and Disability System.

Three of the Career Services have already processed their fourth list referred to in paragraph 4 (Support, Finance and Personnel). Security and Logistics have processed a substantial portion of their fourth list. The others anticipate no problems. I will check in another month to see how each component is doing.

The number of cases still pending are substantially less than was reported by the Office of Personnel as of 8 February and which was forwarded to the Executive Director-Comptroller by you on the 15th of February. This is due to the fact that your memorandum requesting a status report of the Support Services caused those that had large backlogs to process considerable numbers of them in the last week.
